Last Updated Thursday, 01 May 2008

I currently provide training and support for Windows computers and also Apple Mac OSX computers. I am an experienced trainer, having delivered private IT tuition and support packages on both a freelance basis, and on behalf of Lancaster University and Lancashire Education Authority . I am a graduate of Computing from the University of Bradford and I am also a professional member of the British Computer Society.

Current Rates:

PC Support/Training: £15 per hour Apple Mac Support/Training: £20 per hour

The training provided is flexible and suitable training packages for a variety of software packages can be arranged including the use of:

- Microsoft Windows
 - Microsoft Office
 - Internet Browsers (Firefox, Internet Explorer, Safari and Opera)
 - Mail Programs (MacMail, Outlook and Outlook Express, Thunderbird, Eudora)
 - Open Office
 - Macromedia Dreamweaver
 - Adobe Photoshop
 - Visual Studio .net
 - Joomla! Content Management System
 - Mambo Content Management System
 - FTP Programs
 - iTunes and Quicktime
- If the program is not on the list, then e-mail me for further information.
